Let me believe in it  
Let me say  
That we can change history  
If it's true that we are free  
That we can fly  
Let me be free  
I can feel that I'm going to choke

In this mini, mini, Mini World, mini, mini  
This mini, Mini World, mini  
This mini,mini world,mini,mini  
I feel like running in slow motion  
In this mini, mini, Mini World, mini, mini  
This mini, Mini World, mini  
This mini,mini world,mini,mini  
I still dream that we sing the same melody

I don't understand them  
But what do they mean?

Why am I cold?

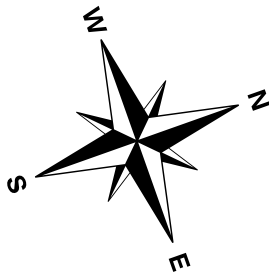

Is this how people die?  
But what if I want to survive  
Do I really have to accept  
To follow them all  
Beyond my reality

In this mini, mini, Mini World, mini, mini  
This mini, Mini World, mini  
This mini,mini world,mini,mini  
I feel like running in slow motion  
In this mini, mini, Mini World, mini, mini  
This mini, Mini World, mini  
This mini,mini world,mini,mini  
I still dream that we sing the same melody

Then I go every day  
I die at each instant  
I feel it  
Life only lasts for a while  
Carried by the horizon  
By some musical notes  
I sing hope  
To make my life magical

In this mini, mini, Mini World, mini, mini  
This mini, Mini World, mini  
This mini,mini world,mini,mini  
I feel like running in slow motion  
In this mini, mini, Mini World, mini, mini  
This mini, Mini World, mini  
This mini,mini world,mini,mini  
I still dream that we sing the same melody
