

**Victor Gogly's** paintings explore the shifting boundaries between human, animal, and non-human forms. Within layered pictorial spaces, bodies transform and interact, suggesting a more entangled relationship between living beings and their environments.

graphite and watercolor pencil on canvas  
100 x 150 cm

3 000 €

**Green Emo**

2026  
graphite and acrylic on canvas  
30 x 50 cm

800 €

**Hermann Saarinen's** sculptures draw inspiration from musical composition—how individual sounds, pauses, and shifts gradually form a coherent whole. Working primarily with pine, Saarinen constructs sculptures from interrelated elements that echo one another through repetition and serial proportions.
